

GOODMAN COMPRESSOR CROSS-REFERENCE

GUIDELINES TO COMPRESSOR CROSS-REFERENCE

The cross reference booklet consists of TWO PARTS.

PART-1 GOODMAN PART NUMBER Compressor Sort - lists the compressor part number with the OEM original replacement (first half of booklet)

PART-2 RECOMMENDED Compressor Sort - lists alternative replacements for original compressors. (last half of booklet)

Guidelines

EXAMPLE: A unit needs replacement for a B9266200 compressor.

If you have the original compressor, sell it. If not then---

Using the compressor cross-reference:

1. Locate the B9266200 compressor look across to the right compressor column to find the recommended replacement, which is B2966815A, If you have the recommended compressor, sell it. (See table below.)

COMPRESSOR CROSS-REFERENCING

SORT BY GOODMAN PART NUMBER

*For current part number of compressor, look at part number in left cloumn, use part number on right.
