Capacities and Ratings are estimated.

HOW TO USE THE BLUE BOOK

Determine Make and Model

Inspect the unit. Locate the equipment nameplate. Determine the brand, make, model number. Record the information on your load calculation worksheet.

If all the information is not available or if the nameplate is obscured or missing, refer to the equipment Identification listing on pages 2 through 6.

While talking to the customer, try to get an idea of when the equipment was installed or ask if the owner's manual or service records are available. This information will help you ascertain the approximate age of the equipment.

Look Up Listing

The equipment listings are on pages 10 through 485. An index to those listings is located on pages 486 and 487.

How to Read Listings

The manufacturer's name is located at the top of each page or at the start of the listing. The manufacturer's listing identifies the type of equipment (see page 7), model number, year, cooling capacity and EER/SEER.

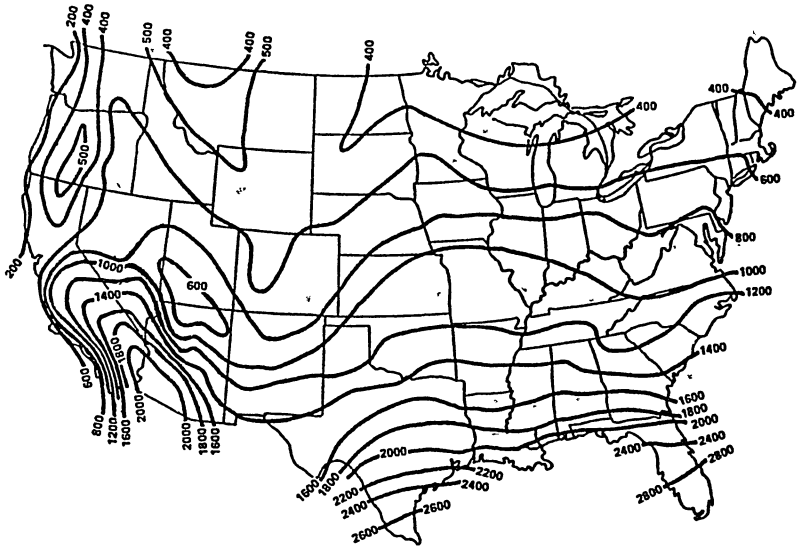
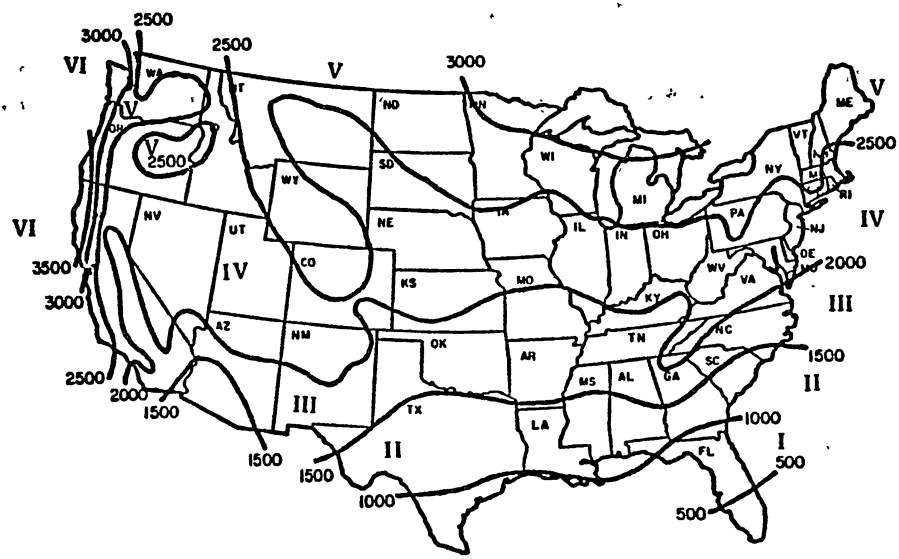
COOLING MAP



Distribution of cooling load hours throughout the continental United States and Canada to be used in estimating the number of air conditioning and heat pump operating hours.

HEATING MAP



The DOE zone map reflects the estimated number of degree days throughout the continental United State and Canada for evaluating the number of heat pump operating hours.

ABBREVIATIONS

Air Conditioners

Type	Description
SP-A	Single-Package Air-Conditioner, Air-Cooled
RC-A	Air-Conditioner with Remote Air-Cooled Condenser
RCH-A	Refrigeration Chassis—Air-Cooled
SPY-A	Year-Round Single-Package Air-Conditioner, Air-Cooled
RCY-A	Year-Round Air-Conditioner, Remote Air-Cooled
RCUY-A-CB	Year-Round Air-Conditioner, Remote Air-Cooled Condenser
RCU-A-C	Split System: Air-Cooled Condensing Unit, Coil Alone
RCU-A-CB	Split System: Air-Cooled Condensing Unit, Coil with Blower

Heat Pumps

Type	Description
HSP-A	Single-Package Heat Pump Air-Source
HRC-A	Heat Pump with Remote Outdoor Coil
HRC-A-C	Heat Pump with Remote Outdoor Coil with No Indoor Fan
HRC-A-CB	Heat Pump with Remote outdoor Coil—Air Source
HRCU-A	Slit System: Heat Pump with Remote Outdoor Unit—Air-Source
HRCU-A-C	Slit System: Heat Pump with Remote Outdoor Unit with No Outdoor Fan Air-Source
HRCU-A-CB	Split System: Heat Pump with Remote Outdoor Unit—Air-Source
